

Request for Internal Review by University of Miami IRBs

It is the policy of the University of Miami that researchers submit studies for review by the UM IRBs whenever possible. Should sponsors require centralized review, study teams are asked to provide documentation to this effect and studies will be considered on a case-by-case basis.

We are here to serve you and appreciate in advance your understanding to try to maintain local IRB oversight whenever possible, both for regulatory and financial reasons. Should you have any questions related to this process, please contact the HSRO at 305-243-3195.
