Special HSRO Office Hour - October

Keep Your Study Record Complete and Current

Three habits that support the full study lifecycle

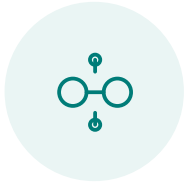

01

ENTER IT RIGHT

- Complete and accurate information
- Appropriate access and relationships

02

CONNECT IT

- Aligned information across systems
- Required ancillary and related reviews

03

MAINTAIN IT

- Current personnel, approvals and status
- Timely closure of inactive studies

Complete and accurate records support compliance, reliable reporting and efficient research operations.
