Tip Sheet: **REPORT_Studies_Expiring_within_90_days**

- Navigate to the **Custom Reports** tab, under the Reports menu on the IRB page
- Under Active Studies Report, click on "REPORT_Studies_Expiring_within_90_days" link

Active Studies Reports

The reports below show only the submissions you have permission to view.

▲ Name	Result Type	Description	
REPORT_Active_Studies_forStudyTeam	IRB Submission	For study team members: Includes all active studies you have access to. Migrated External IRB studies that are now Discarded (in IRB8.2.4) will NOT appear in this report, but the active sites related to them will appear.	▶
REPORT_ALL_Modifications_Associated_To_A_Study	IRB Submission	Change search parameters to display all modifications associated to a study.	▶
REPORT_Studies with specific funding source	IRB Submission	All currently active studies; Change Parameters to search by Funding Source and/or Local Funding Source.	▶
REPORT_Studies_Expiring_within_90_days	IRB Submission	Active studies expiring within the next 90 days	▶
REPORT_Studies_that_Lapsed_in_last_12_months	Continuing Review Deadline Passed	For Initial studies that have been Approved where the Continuing Review Deadline has passed. Executed as part of a daily scheduled task against those submissions that have passed their continuing review deadline - this does not apply to Active SITE submissions at this time.	▶

- This report will list all studies you have access to that will be expiring in 90 days from today.
- Click on the "Change Parameters" button to extend the Date Expiration to *August 31, 2022*
  - NOTE: Only the PI or PI Proxy can submit the CR
  - NOTE: If you have additional changes to make on the study (i.e., removing personnel, updating documents, etc), please open a MOD/CR instead.
